

connecting to guest

1. Make sure that the wireless card is activated. To do this, **Click Start | Control Panel.**
2. **Select Small Icons** from the "View by:" menu.
3. **Click Network and Sharing Center**
4. **Click Change adaptor settings**

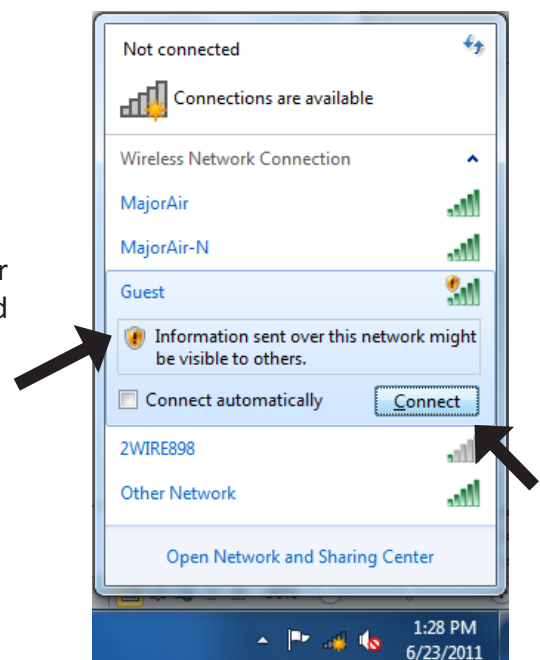

4. **Right-Click Wireless Network Connection | Select Enable.**

After you have Enabled your wireless, on the task bar at the far right you should see the wireless icon at the bottom right-hand corner of the screen (near the clock).

5. **Click the wireless icon | Guest | Connect.**
