You know you need a place that will prepare you for your future career. We know that you have big questions you want to explore, different perspectives you want to experience, and complex problems you want to solve. You don’t have to choose between your head and your heart.

Millsaps students are concerned with the deeper things of life. You won’t just learn the right answers, you’ll learn how to ask the right questions. You’ll cultivate creativity, you’ll travel the world, and you’ll do it all in a community that sincerely knows and cares for you.

Millsaps graduates are doctors, artists, writers, executives, entrepreneurs, lawyers, Rhodes Scholars, and they, on average, make more money than graduates from any other college in our state.

Can’t decide between a truly transformative experience and a jump start to a promising career? Then you’ll fit right in.

Faculty led, student focused

You may know exactly what you want to do with your life.

You may think you know what you want to do with your life.

You may have absolutely no idea.

Wherever you are, our Compass Curriculum helps you learn, explore, and engage in a way that will benefit you no matter what path you take, and our faculty are excited to act as guides and mentors along the way.

At Millsaps, you’ll sharpen raw talent and earned accomplishments into purpose and responsibility. Our experience-driven education takes you from high school to college, and college to career.

And, our faculty-led study abroad opportunities cover more than 15 countries, including our own properties in Yucatán, Mexico, where we offer courses in the heart of the city at Casa Millsaps, and in the heart of the jungle at our 4,500-acre biocultural reserve.

The Compass Curriculum is a key building block in that experience, and offers all incoming first-year students a new and exciting tool to find their best path to graduation and beyond! The Compass Curriculum is your guide to a life-changing education—one that helps you choose your own path, provides you the tools to use along the way, and offers learning opportunities uniquely tailored to your goals!

Vibrancy and vitality: our students have it

At Millsaps College, our students come from a range of geographic, ethnic, socioeconomic, and educational backgrounds. We look for students who are interested in asking questions, taking risks, and pushing themselves—students who are inspired to discover their true potential.

- 30 OUR STUDENTS COME FROM 30 STATES AND 30 COUNTRIES; 30% STUDENTS OF COLOR
- 26 AVERAGE FIRST-YEAR STUDENT ACT SCORE
- 3.79 MEDIAN GPA
- 95% MORE THAN 95% OF OUR STUDENTS RECEIVE FINANCIAL AID AND SCHOLARSHIPS
The best investment you’ll ever make

We know that planning and paying for college can be confusing, so let’s make it simple!

Average cost of attendance at Millsaps: $22,123

During the admission process, we’ll work with you and your family to help determine if Millsaps is a good financial fit by using all forms of financial aid including academic scholarships, need-based scholarships, federal and state grants, and federal student loans.

You are considered automatically for academic merit scholarships (ranging from $18,000 to $33,000). Millsaps does not charge additional out-of-state fees. Academic scholarships are determined using your highest reported GPA and highest super-scored ACT (or SAT) score, plus additional criteria such as letters of recommendation, the rigor of your academic program and high school curriculum, leadership, extracurricular involvement, alumni/legacy relationships, institutional fit, and demonstrated interest.

To apply for all forms of need-based financial aid, you must submit the Free Application for Federal Student Aid (FAFSA).

Not only has Millsaps helped me “cross the street,” but they have also helped me “cross the globe.”

Thanks to the Robinson Scholarship, I was granted the opportunity to study mathematics in Italy at no cost. The Millsaps Study Abroad Program has helped me become more career-ready by allowing me to interact with an entirely new culture, increase my knowledge on a particular subject, and check-mark boxes off of my bucket list. I highly recommend studying abroad at Millsaps College!

Laurel, from Long Beach, Mississippi, is studying neuroscience and cognitive studies, is in the honors program, is a Phi Mu member, and is a writing consultant for the Writing Center.
Throughout my time at Millsaps, I have learned time management and how to balance my academic, athletic, and extracurricular activities in order to be successful.

I have gained lifelong friends from all parts of the world. I have sharpened my ability to interact with others. I have experienced a holistic, liberal arts education that is second to none. But most importantly, I achieved/exceeded my primary purpose in my undergraduate experience... I gained the knowledge and skill sets required to be successful in the next chapter of my life.

Steele, from Calhoun City, Mississippi, graduated in the class of 2019 and is attending medical school at the University of Mississippi Medical Center.

When it comes to a job, content knowledge isn’t enough. Successful employees will demonstrate creative solutions to complex problems, communicate persuasively across a range of mediums, and understand how to integrate differing perspectives and information. In other words, memorizing lectures from your professors just isn’t going to cut it.

Your success will be built on small and interactive classrooms, a rigorous curriculum that draws from a wide array of fields, and numerous opportunities for internships, research, and experiential learning. We do all of these, and because of that, our graduates are well positioned to thrive after their time at Millsaps.

Our faculty mentors and career advisors will guide you to meaningful and promising career paths that directly intersect with your passions, and then connect you with a close-knit alumni network.
