Connecting to Major Air
- for Chromebook

In order to complete the setup and connect to MajorAir, you must be on-campus at Millsaps College.

Connecting to MajorAir

1. Click on the wireless icon in the bottom right corner of your screen.

2. Click on settings

3. Click on preferred networks. Right click on MajorAir and select forget this network.

4. Go back to the settings screen. Click add connection | Add Wi-Fi
5. In the new dialogue box, click advanced. Enter the Following Information:

SSID: MajorAir
EAP method: PEAP
Phase 2 authentication: MSCHAPv2
Server CA certificate: Do Not Check
User Certificate: None Installed
Identity: Your Millsaps Username
Password: Your Millsaps Password
Anonymous identity: [leave blank]
Finding Your Wired Mac Address:

1. Click on the network icon in the bottom right corner of the screen.
2. Click on network settings.
3. Click on MajorAir and then Options.
4. In the dialogue box that appears, click on the network tab.
5. Your mac address is what is listed as the “hardware address.”
   It will look something like this: E9:59:B6:E8:C3:45
