Overview of Benefits for: MILLSAPS COLLEGE For 1-1-18 RENEWAL

The Preferred Dentist Program was designed to help you get the dental care you need and help lower your costs. You get benefits for a wide range of covered services — both in and out of the network. The goal is to deliver affordable protection for a healthier smile and a healthier you.

Coverage Type	In-Network: % of Negotiated Fee	Out-of-Network: % of R&C Fee ¹
Type A	100%	100%

Certain plan benefits are based on a percentage of the negotiated fee. This is the amount that participating dentists have agreed to accept as payment in full. If your plan benefits are based on a percentage of the Reasonable and Customary (R&C) charges, your out-of-pocket expenses may be more, since you will be responsible for paying any difference between the dentist's fee and your plan's payment for the approved service.

* If you are enrolled for dependent coverage, a maximum family deductible may apply.

Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered.

¹ The Reasonable and Customary charge is based on the lowest of the: "Actual Charge" (the dentist's actual charge); or "Usual Charge" (the dentist's usual charge for the same or similar services); or "Customary Charge" (the 90th percentile charge of most dentists in the same geographic area for the same or similar services as determined by MetLife).

The service categories and plan limitations shown in this document represent an overview of your plan benefits, but are not a complete description of the plan. Before making any purchase or enrollment decision you should review the certificate of insurance which is available through MetLife or your employer. In the event of a conflict between this overview and your certificate of insurance, your certificate of insurance governs. Like most group dental insurance policies, MetLife group policies contain certain exclusions, limitations and waiting periods and terms for keeping them in force. The certificate of insurance sets forth all plan terms and provisions, including all exclusions and limitations.

***Alternate Benefits:** Your dental plan provides that if there are two or more professionally acceptable dental treatment alternatives for a dental condition, your plan bases reimbursement, and the associated procedure charge, on the least costly treatment alternative. If you receive a more costly treatment alternative, your dentist may charge you or your dependent for the difference between the cost of the service that was performed and the least costly treatment alternative.
