Virtual Private Network, VPN

VPN makes it possible to connect to the Millsaps network from home, enabling the use of all network resources as if on campus.

You may begin the VPN installation by going to https://mil-vpn.millsaps.edu/
Please follow the instructions to install VPN.

1. Enter mil-vpn.millsaps.edu
2. Select connect

3. Enter your Millsaps username and pass-word to authenticate.
Please allow the downloader/installer to complete.

3. Once the installation is complete, you should be connected. Verify this by checking the taskbar.
