

# COVID-19 HEALTH DECISION TREE

## STUDENTS

### ARE YOU EXPERIENCING COVID-19 SYMPTOMS?

- » Fever or chills  
(over 100.4°F or 38°C)
- » New loss of smell or taste
- » Cough

- » Muscle aches
- » Sore throat
- » Shortness of breath or difficulty breathing

- » New or unusual headache
- » New onset of any gastrointestinal symptoms (such as nausea, vomiting, diarrhea, or loss of appetite)

#### NO SYMPTOMS

Have you been in contact with someone who has been diagnosed with or tested positive for Covid-19?

**YES**

Close contact?

#### YES, CLOSE CONTACT

(within 6 feet for 15 or more minutes)

1. Quarantine for 10 days after date of last contact. Report quarantine status using the [health forms](#).
2. Get tested between days 5-8 after contact or as soon as symptoms develop.
3. Continue to quarantine for 10 days even if test is negative.
4. After 10 days, wear a mask/neck gaiter. If test is positive, follow guidelines for positive test.

**NO**

Practice social distancing and good hygiene. Wear a mask/neck gaiter.

#### YES, I HAVE SYMPTOMS

##### FOLLOW CDC GUIDELINES

<https://bit.ly/2PPkkof>

1. Stay in your residence hall room.
2. Separate yourself from others.
3. Report your symptoms via the online [symptoms form](#).
4. Follow guidance from health care provider and Student Life Staff about when you can resume normal activities

#### I HAVE TESTED POSITIVE

1. Return to your residence hall room and avoid contact with other people.
2. Report your test result via the online [test form](#).
3. Wait for contact from Student Life staff, who will provide further instructions.

Students required to quarantine should return to their primary (home) residence. Students who wish to request an exception to stay on campus must indicate this on the COVID-19 notification form. Exceptions will be granted on a case-by-case basis and must be approved by both the campus nurse and dean of students.
